

### Editorial.

Hi all,

How are you enjoying the cooler weather? Great, isn't it. The grass has stopped growing, the mornings are misty and there is dew on the lawn and best of all, DAYTIGHTSAVINGS finishes next Sunday and we can all SIFEP IN for a little longer!

It's amazing how fast the nights seem to close in already. I went out for tea on Easter Friday to a neighbours and when I came out to drive home it was pitch black—no stars, no light and I had to "feel" to find the car as she had not external lights.

Don't forget to turn your clocks BACK on Sunday night.

ANZAC Day will soon be here and I hope the information on the back page re the March times is correct. Didn't hear from anyone this year so took a chance that they were all the same as last year. Nabiac is.

The show is over for another year and this year, from all reports, it was a great turn out. Hall entries were way up, the poultry and beef entries were the best in ages and the weather held out after a sprinkle in the morning. Congratulations and thanks to all of those who were involved in getting it all together.

Wasn't the winning scarecrow fantastic? Need him up at my place to scare off the crows and possibly the cheeky pair of possums I have living in my roof and stealing all the fruit.

For all the pyromaniacs out there, you can now light up without a permit. Must get my kid up to have a go with the fires I never did last season and which will be doubled by the time I get the paddocks cleared again and the fallen tree branches on.

The Blood Bank is desperate for donors, seems a never ending supply is needed and not enough donors are about. If you go this month you get a special tartan band aide on your injection spot.

I hope everyone has had a peaceful Easter break, early this year, and parents are now getting ready for the kids to have their holidays.

I have put as many of the Show's Results in as I was given and there are some photos of the day. I wasn't able to source a lot, my 'photography' suppliers didn't take many this year. To get the proper affect of them, look the issue up on the web so that your can see them in colour. Much better!

Not a lot else to comment about so, Until next month, stay safe, be happy Lyn & Iimidthy

### **Nabiac Landcare**

Autumn is here and the day temperatures are dropping a little. It's just that little bit more comfortable working in the bush especially since the mossies aren't quite so vicious.

So what weeds have caught our eye in the past month? Yes, YELLOW, that's this month's colour. It never ceases to surprise me to see a

cassia (Senna pendula) flashing in an area of bush that we think we've just finished doing follow-up. I guess we're lucky it's so showy and announces itself. If you want to keep any exotic cassia in your garden please pick off the seedpods. Bag mature pods and place in your **red bin**, young pods can just be dropped to form part of the mulch. Most plants pull quite easily but if 'cutting and painting' cut low to the ground and consult NSW WeedWise for approved herbicides and

dosage. This is one weed where follow-up is extremely important since the seeds can remain viable for at least *seven* years.

Maderia Vine (Anredera cordifolia) is also more visible at the moment. I've noticed a couple of infestation that I wasn't previously aware of because of the cascade of white lambs tail flowers. This vine is amazing in it's ability to smother any size of plant from ground cover to tree. Its weight can cause branches to fall from trees due to the weight of its aerial tubers. Its presence reduces food and habitat for native animals and it can make livestock ill if

consumed. Maderia vine is one of the main species of vines listed as a threat to Endangered Ecological Communities when it is present. Control is complex so consult NSW WeedWise for information. *Never* just pile up the vines and tubers and hope they die!

Nabiac Landcare normally works each Wednesday (weather permitting) 8-9am to 11am, followed by a very yummy morning tea. Membership is only \$2.00 plus an occasional donation to the morning

### Krambach & District Garden Lovers News

Well, here we go again - another month has flown by.

Our visit for the March meeting was at the garden of *Pam* & *Jim* at Failford. What a beautiful, large garden with a lovely bush retreat out the back. There is a lovely grassy patch left for the grandsons to play cricket. What great grandparents!

Cindy was able to give us a small talk on Bromeliads.

**Jenny** came to visit to see what our garden club was all about and has decided to join.

New Members are always welcome and we would be happy to see you.

It is sowing time for autumn planting, so get into the soil cauliflowers, cabbage, carrots, spinach, onions, celery and garlic.

Happy gardening

### Shade for the seating around Town Creek

In the 2024-2029 Nabiac Community Strategic Plan developed by The Village Futures Group, the provision of shade for the Town Creek area was one of the priorities.

To move this project forward, the Neighbourhood Centre has entered into discussions with MidCoast Council to select suitable materials and a design to cover the existing seating around Town Creek. At this stage, shade sails are our preferred option with them covering the seating on both the eastern and western side of the creek.

We also propose adding an additional seat on the shops end of the western strip.

Our proposal is to position it at the end closest to the foot bridge. It would be mounted on a larger concrete pad than for the other three, thereby allowing for the placement of seating that optimises wheelchair and walker access.

Both the shade and additional seating will be paid for through funds raised by the Op Shop.

You can contact us on Nabiac Community on Facebook and at secretarynmnca@gmail.com Phone 0409 585 635.

### **MINIMBAH MATTERS**

Minimbah Rural Fire Brigade is happy to announce that as from 1<sup>st</sup> April, Fire Permits are not required. The next Bush Fire Danger Period is scheduled to commence on 1<sup>st</sup> September. When it comes to lighting a fire, regardless of whether it is a small pile you are endeavouring to burn, or a larger hazard reduction burn, the rules remain unchanged, and it is your responsibility to ensure the fire is safe and does not escape your property.

### Briefly some simple general rules applying to burning off.

### Before you light up

- Prepare the proposed piles/paddocks etc. well. Long and low is the way to go – none of this reaching for the stars business.
- Gather and test run the firefighting equipment you own and plan on using, including hoses and connections.
- At least 24 hours prior to striking that match, let your neighbours know what you are about to do. It's important to "play nice". The NSW RFS also need to be kept in the loop, and this can be done either online via www.rfs.nsw.gov.au/notify or by phoning the

### Mid Coast Fire Control Centre on 1300 643 262.

- We're not saying that your fire will run riot, but just in case we need to get a fire truck through your gate and down your driveway, we need to be able to find you, so providing the correct street address is vital. Lot numbers work for some things but not for locating you in an emergency.
- Clearly visible house/property numbers are extremely important, not just for the RFS but for all emergency services. They even make life easier for your friends and the grocery delivery service to find you.
- A fire truck is a large vehicle will it fit down your driveway, or do your trees need a bit of a prune?
- Check the predicted weather conditions and give serious consideration to postponing the burn if strong winds are forecast.

### During

> You need to remain in attendance while the fire is burning, and have the necessary equipment on hand to control or extinguish it.

> Ensure the fire is completely extinguished before you leave it.

Ring Triple zero (000) if your fire escapes or causes concerns. We are into Autumn and the temperatures are falling. Winter is next.

Daylight saving finishes on 7<sup>th</sup> April this year and that is your timely reminder to check your smoke alarms, chimneys and flues, electrical cords and all things electrical for wear and damage.

Winter is a very dangerous time for house fires.

Lint filters in clothes dryers are renowned for causing fires, and range hoods have a habit of catching fire if not regularly degreased. The lithium batteries in many things are becoming more and more newsworthy as being the cause of several terrible housefires. The "off" switch on many items before you leave the house or go to bed, has a lot going for it.

Now that we have painted such a doom and gloom picture for you, we take this opportunity to wish one and all a very happy, safe Easter, full of love and laughter.

### **News from Muse**

Happy Easter! I hope you had a lovely Easter and not too much chocolate??

As you know, March was quiet for Muse as I was away, but Muse was able to open thanks to *Coral Gabriel* and *Ariane Bell*, 2 of our artists. I just want to say a huge thanks to them for keeping the doors open.

Muse now has 67 local artists on the books; without their work, there would be no Muse, so a huge thanks to all of the talented artists who choose Muse to sell their work.

If you are a local artist (MidCoast council area) and would like me to consider your work for Muse, please send images of your artwork to <u>museartandcrafts@gmail.com</u>. This is the first step in the curatorial process. I will review them and get back to you. If I am not able to take your work, it's no reflection on the quality of your work, it's merely that I don't have much success selling that type of work.

Inner Muse Art Academy is going to be super busy this month, with at least 1 class every week. There are only 2 classes with any space left. So, if you are a charcoal or Pastel artist and want to take your work to the next level, I have good news!!! *Gwen Roberts Masterclass in Sanding* on April 13<sup>th</sup>, sold out so quickly we have scheduled a second Masterclass on Sunday April 14<sup>th</sup>. There are only 4 places available

### NABIAC EXCAVATION SERVICES

and the cost for the 4-hour class is \$115 inclusive of all materials and refreshments. To book your place call **0403 826 439** or email museartandcrafts@gmail.com now.

Also, *Christine Onwards Acrylic* beginners class sold out and she has scheduled a second class on April 21<sup>st</sup>. There are only 2 places left so book now while you can.

On the 18<sup>th</sup> Muse is hosting a delicious *Mediation and Sound Healing* evening with *Maureen* and *Bernie* from Forster. It starts at 5.30pm and runs through to 6.30pm, followed by light refreshments. This is the perfect way to decompress after the Easter holidays and only costs \$35. To book, contact Maureen on **0419 613 541**. Places are limited, so treat yourself and book now.

On April 20<sup>th</sup> Muse will be having another *Mini Art & Crafts Market*, from 10am until 2pm on the front lawn. Pitches are \$20 and there are 3 pitches left for any local artists or crafters who want to sell their work. Please call **0403 826 439** or email museartandcrafts@gmail to hook

Muse will be getting an influx of new work this month. I look forward to welcoming old and new customers to Muse.

Oh yes, I nearly forgot. *Dis-Gracie*, the fabulous Mosaic mannequin in the window is finally going home on April 20<sup>th</sup>!! If you didn't know, Dis-Gracie sold within 2 hours of coming in, but that was back in February 2023! She has been waiting patiently for her new home to be finished. See you soon

Kind regards

### VET VISITS FOR YOUR CAT DON'T HAVE TO BE A PAIN!

Friendly ats are extremely sensitive to external stressors and very prone to fear and anxiety when they are taken out of their Clinic regular surroundings. It is therefore paramount that vet clinics take extra steps to alleviate their stress. This not only makes our feline patients more comfortable and improves their welfare during vet visits and hospital stays, but it also improves their treatment outcomes.

Wingham & Valley Vets is a Gold-accredited "Cat Friendly Clinic". This is a worldwide programme from the International Society of Feline Medicine (ISFM) and it means that a vet clinic understands the unique nature and needs of our feline patients and recognise that bringing a cat to the yet can be stressful for both the cats and caregivers. We specifically designed our new hospital with feline behaviour in mind and we are the only Veterinary hospital between Brisbane and Sydney to have been awarded 'Gold', the highest level of accreditation, which we achieved in 2023. The Cat Friendly Clinic programme has an extensive list of criteria for the staff and the hospital building. All our staff have had training in appropriate fear-free gentle handling of cats and are required to complete continuing progressional development to remain up to date. We also have an appointed 'Cat Advocate' staff-member, who is responsible for ensuring that cat-friendly hospital standards are always maintained.

When designing a cat-friendly hospital, there must be a designated cat only area where the patients can be safely stowed in their carriers in an elevated position. Cat carriers should never be placed on the floor. This waiting area must be separated from the dog waiting room so any exposure to the sights, sounds and smells of dogs is avoided. The hospital has two special cat-only consultation room that are never used for dogs so doggy smells aren't detected by our cat patients, and ideally cats and their owners are placed straight into these rooms rather than spending time in the waiting room.

We have found that our feline patients are much more relaxed in the new hospital, happy to explore their surroundings and even eat treats at times. The consult rooms, cat waiting room and cat ward are all located together, positioned well away from any dog consult rooms and the rest of the busy hospital. We diffuse feline appeasing pheromone in all cat consult rooms and the cat ward which is known to make cats feel more relaxed.

Another aspect of the accreditation is a cat-only hospital ward where we have specifically designed 'Cat Condos' - large enclosures (6300cm<sup>3</sup>) with an elevated sleeping area, separate private litter box area and a separate area for food and water bowls. The condos are made of a waterproof thermoplastic material rather than cold and noisy stainless steel, and cats cannot see each other. Within the cat ward, there is a treatment table and plumbed oxygen so we can anaesthetise surgery patients and also provide oxygen support to any critical care cases (such as tick paralysis patients). This ensures cats are fully anaesthetised and asleep before entering the surgical areas of the hospital, which are also used for canine patients.

Our feline patients are much calmer and less stressed with the new facilities and even our raditionally difficult feline patients are much happier to be handled, examined and medicated by our staff. Clients have remarked to us many times how much happier their cat is coming to

Pictured: Wingham & Valley Vets' Cat Condos

the vet, now that these cat-friendly measures are incorporated into the hospital. Cat behaviour is such an important aspect of Veterinary medicine, so make sure your cat's mental as well as physical needs are being taken care of when they visit the Veterinary hospital

### WALLAMBA CWA REPORT

resident Margaret Weller welcomed 11 members together with a visitor, Robyn Wells, and we hope that she might become a member of our branch – thanks to member Merle for extending the invitation to Robyn to come along.

Our thoughts for the month were given by member Jean Price and they were "A real friend is one who walks in when everyone else walks out" and "One of the most beautiful qualities of true friendship is to be understood".

The month of March has been a busy one for the members of Wallamba CWA with functions.

The first of these was the annual World Day of Prayer On Friday 1st, which this year was held at the Nabiac Uniting Church with the service prepared by the Christian Women of Palestine. Unfortunately the attendance this year was very small with only 6 ladies present, 4 being Wallamba CWA members and 2 visitors. Discussion has been held as to whether we continue to host this event with 2025 service being focused on the Cook Islands. World Day of Prayer services have been held for over 40 years locally when congregations of Anglican, Uniting Church and Catholic women came together in the various churches, but with attendance getting less it might have to be

Next came the March Council meeting held in Kempsey on Saturday

2<sup>nd</sup> March and the branch was represented by two members and they conducted the Group raffle which raised \$160 for the Group and not the Branch as it was led to believe.

The Branch members had some winners at the Group level including Merle Barber whose embroidered rooster (which by the way is the National symbol of France) has been selected to go onto State in the MNC Group's 8

items. Coral Gabriel's felted picture is also going on to the Land competition. Wallamba was placed 4th in the group following Harrington 1<sup>st</sup>, Gloucester evening 2<sup>nd</sup> and Wingham 3<sup>rd</sup>. Well done

Next came the 2024 Wallamba Annual Show with Margaret Weller taking out a 2<sup>nd</sup> with her crotched doily, *Pam Muxlow* a 1<sup>st</sup> for her applique, Jenny Ang with 1st for her baby jumper and Fay Anderson with a 2<sup>nd</sup> for her quilt.

International Officer Pam presented the State International report and outlined details of ACWW South Pacific Area Conference to be held during September in Griffith. Pam also spoke about Joan of Arc the Patron Saint of France and her horrific death of being burnt at the stake for witchcraft at the age of 19 on May 30<sup>th</sup>, 1431.

During the monthly meeting Beth, our Ag & Environment Officer, spoke about Ghost Fungus endemic to southern Australia. Their amazing feature is that they glow in the dark due to a greenish blue bioluminescence.

The cookery competition, which was held at Group Cookery & Friendship Day at Lake Cathie in early February, saw several members come home with awards, including Moya Harris receiving 2<sup>nd</sup> prize with her boiled fruit pudding, Jenny Ang receiving a 3<sup>rd</sup> for her butter cake and Pam Muxlow also getting a 2<sup>nd</sup> with her carrot and lemon marmalade, President Margaret also placed 3<sup>rd</sup> with her Whole Orange Cake and Jill Hammond got a 2<sup>nd</sup> with her Almond Bread. Great results ladies.

**OUR EXPERIENCE ON YOUR IMAGINATION** 

In general business the discussion centred on the up coming 60<sup>th</sup> Birthday since the formation of the Wallamba CWA Branch on 25<sup>th</sup> March, 1964 and a party celebration is to take on that day.

Well the birthday came around and Wallamba ladies welcomed past and present members of the Branch along with members from Lake Cathie, including our Group Mentor Topsy Roberts, Wingham including Group Vice President Vivienne Beaumont, Bulahdelah, Forster and a number of locals. A great time was had by all, catching up with each other over a delicious morning tea/ lunch of sandwiches, slices, the ever delicious scones jam and cream which CWA is renowned for (thanks to member Jean Price for these tasty morsels.

President Margaret Weller (r) was joined by **Mentor Topsy** Roberts (I) to cut the birthday cake which has been made and decorated by the staff of Nabiac Bakery very tasty and it looked lovely.

Notice has been given of a visit by State President Joy Beames who will come to town on 16<sup>th</sup> April and Wallamba and Forster will combine for this visit.

Hope all have a safe and happy Easter spent with family and friends.

id you know that blood donation plays an essential role in over 25 medical fields? From supporting surgeons through heart surgeries to obstetricians during childbirth, blood donation is a key part in helping healthcare workers do their jobs. This month, we're showing our support for these incredible front-liners and we'd love for you to be a part of it. Give blood in April and get a limited edition bandage designed by Melbourne artist, Lisa Gorman, as we celebrate the amazing work of Australian healthcare workers.

"Before my career in design, I worked as a nurse in the blood collection department of the kidney transplant unit at the Royal Melbourne Hospital. Knowing first-hand how vital the supply of donated blood is to those needing it, I really encourage anyone who

can, to roll up their sleeves." - Lisa Gorman. Book a donation today and share your support with us @ lifebloodau #lifebloodau Lifeblood Taree is open Monday - Friday (alternate Wednesdays and Fridays).

## Nabiac Second Chance Opportunity Shop

Established 1993

Open Monday to Friday 9am to 12noon (Saturday 9am to 1pm 37 Nabiac St, Nabiac 6554 1876

### **News from Nabiac Second Chance Op Shop**

Hoping you all had a wonderful Easter with family and friends without eating too much Chocolate.

Nabiac Op Shop and Shed will be *closed for Anzac Day Thursday 25<sup>th</sup> April, 2024.* Reopening Friday 26<sup>th</sup> April, 2024.

### The History of Nabiac and District.

These books are still available from Nabiac Op Shop, the Shed and the Nook. Cost is \$30.00.

If you are interested in purchasing a book, please come in, there are still books available.

All profits from the sale of this book will be going back into the community.

### Shop

Clothing are priced from \$2.00 or \$10.00 Bag of Clothes depending on the amount of items. Please see below:

Due to not having bags anymore, we have had to change the way how a \$10.00 bag of clothes works.

1-5 items - \$2.00 each or \$10.00, 6-10 items - \$10.00 bag, 11 items - \$10.00 plus \$2.00, 12 items - \$10.00 plus \$4.00, 13 items - \$10.00 plus \$6.00, 14 Items - \$10.00 plus \$8.00, 15 items to 20 items - \$20.00 and so on.

I hope this clears up any confusion. This has been in place now for almost 12 months.

There are signs in the Op Shop advising volunteers and customers. We are still the cheapest Op Shop in our area.

\$10.00 Bag doesn't include priced items of clothing such as Jeans, winter jackets, shoes and handbags.

Both summer and winter clothing are now available.

### <u>Shed</u>

The shed has a lot of interesting items on the shelves. Come in and you may find that special gadget or plate you have been searching to buy.

### **Amenities for Staff Only.**

The amenities at the Op Shop are *not* for Public/ customers use.

There are public toilets just over the road next to the tennis courts. That is where you will directed.

Please do not ask as refusal may offend.

Recently we had blocked toilets and what was found that caused the blockage was not impressive at all.

### **Donations:**

Just a friendly reminder regarding donations of clothing and other items.

People are still donating dirty, smelly clothing. As volunteers, it's not our job to process filthy clothing.

We can't even make them into rags. It costs to dispose of any rubbish and it's a health and safety matter.

Please be mindful when you decide to donate your clothing, stop and think would you like go through others' filthy and smelly clothing. We do appreciate your donations, so please only donate clean clothing and other items.

This goes for other items as well. If you wouldn't buy it for family, yourself or friends please dispose correctly and do not donate it to the Op Shop.

Also a reminder we do not accept electrical, toys and mechanical. Please be aware there are CCTV cameras around the premises and

can be looked back on.

This is becoming a very serious matter and it won't be tolerated.

Please show your respect to the volunteers who have to sort through your donations on a daily basis.

Kind Regards

Kathryn and all the amazing volunteers from Nabiac Second Chance Op Shop.

### Why do we love our local farmers market?

Farmers markets across Australia are on the rise, as people seek variety, unique wares, and local produce.

There are many reasons why Nabiac Farmers Market draws people from near and far. When we ask people about their market experience,

the range of answers is wide. They love connecting with makers and growers and enjoy outdoor shopping. Some people run in to grab a gift, favourite chutney, or something for dinner, en route to soccer, visiting Nan, or heading out for the day.

Others have time to relish the experience, chatting with friends and seeking info from stallholders about their products.

Many of our customers are

from out of town, planning trips to visit family around the market day. Some are tourists, embracing country life.

People love the convivial atmosphere, as they browse stalls, sip coffee, try samples and shop. There's usually a rush for the produce and bread, then a chance to soak it all, sipping coffee and listening to the music. Revived by food and a rest, the shopping continues... wine, plants, jewellery, skin products, crafts, pottery, flowers, and a wide range of culinary delights. Saving shopping

for meat and cheese 'til last.

With busy lives, for many of us, the market is a once-a-month opportunity to catch up with friends and connect with locals in our community. Our local farmers' market represents core values of quality and what it means to support our local economy.

The market is also a key opportunity for children to see the grass roots of small business and understand

where our food comes from.

The market is an integral part of our thriving little town.

Across our region there are farmers' markets every weekend, including Wingham, Gloucester, Taree, Forster, Tuncurry, Old Bar, Pacific Palms and beyond. You'll find many of our vendors at these locations throughout the month.

Nabiac Farmers' Market has between 65 and 80 stalls, with a wide range of wares, products and produce, and we are proud of our stallholders:

\*fresh produce, \*seedlings \*microgreens \*flowers \*wine \*cheese \*plants \*woodwork \*macadamia oil \*boutique gin \*chutney \*honey \*gingerbread \*culinary delights \*art \*hand-spun wool products

Let's keep supporting our burgeoning local farmers' market.

### LIEWS FROM MADIAC PUBLIC SCHOOL

We cannot believe that we are already nearing the end of Term 1! We have had a busy, fun filled term. We started the term off with a visit from the crochet fairy, beautifully decorating our *Nabipatch*. It was a lovely surprise for students and staff!

At the beginning of the term, we welcomed in our new leaders. Students voted in House Captains for their Sporting House Teams.

In week 2 we had a wonderful day at the Nabiac Pool for our swimming carnival. It was a joy to see our students supporting each other throughout the day. Thank you to the Nabiac Op Shop for generously covering the cost of the pool hire. This made it a free event for our families.

The Nabiac Show is always a highlight of our year. Our students entered many wonderful drawings, photographs and paintings. Mrs *Madden* and students worked hard to construct a fabulous "*Gruffalo*" Scarecrow to enter the Scarecrow competition. We were so proud and excited to win first place! The Gruffalo now takes pride of place in our Nabipatch, hopefully he scares off any unwanted visitors.

The sun came through and the rain stayed away to help make our annual Cross Country a fantastic event. Nabiac students showed what great sports they are by participating in racing, encouraging schoolmates and assisting teachers on the day.

In week 9 our students all created a hat at home to wear in the *Easter Hat parade*. We were impressed with their creativity, and we even had a visit from the Easter Bunny!

As ANZAC Day falls in the holidays this year. Nabiac Public School will hold an **ANZAC Day Assembly on Friday, 12<sup>th</sup> April** to commemorate Anzac Day. This assembly will commence at 9:30am and will be conducted by the School leaders.

Nabiac School leaders will again, this year, be conducting the Nabiac Village Dawn Service. For all those wishing to attend, the service commences at 6am (leaders to be there at 5:45am)

Students wishing to march in the daytime service are to be in school uniform and meet at the front of the school at 10:15am. The march leaves the school at 10:30am and the service commences at the park at 10:45am.

Happy holidays,

### Show Thank You's & Reports

Well the show has come and gone and wasn't it a show! From the Produce and Hall perspective it exceeded last years by over 100 entries!

We took 1382 entries over all!!

So many entries that we couldn't fully display all the rugs, blanket's and guilts that deserve to be shown in all their

And glory it was! Who would have thought that the (mostly) ladies of Nabiac and districts could create such finery!

Thank you to all that contributed to the show and we will try to find a better way of display for next year!

A BIG thank you to my stewards, a sterling job.

It couldn't go ahead if you didn't show up!

Thank you sooo much!

Mary Webber

### Art exhibition @ Wallamba Show Report

Thanks to all our artists for supporting the exhibition. This year's work was of a great standard but the smaller amount of entries was disappointing. Thanks to Christine Rand, President of Great Lakes Art Society. For her thoughtful judging. Also thanks to President of Great Lakes Art Society for their ongoing sponsorship and the Artists of Wallambah who did the hanging of works and supervision. Those who came to see the exhibition were impressed. Have a go next year!

### Congratulations to all the winners

### **General Show News**

As the show finished we also had 3 of the Committee retire as of 31st March.

Carol Baines, the show Secretary for the past two years has decided to call it a day to spend more of her time with her family other voluntary works.

She left having provided us with a great last show, which from the comments of others, was the best for a while.

Christine Heffernan has retired after 5 years as Treasurer, due to ill health, and Maree Young, assistant Treasurer for 5 years, has also decided to call it a day.

With their retirements the Committee was left with insufficient numbers to form a quorum, so a special Committee meeting was held on Tuesday 26<sup>th</sup> to vote in 2 interim members as Secretary and Treasurer until the next AGM is held and all new Committee members will be elected.

Mark Farley is taking care of the Treasurer's position and Lyn Reid is doing the Secretary's job.

The Committee wishes the retiring committee members all the best and conveys their thanks for the work they have done for the show during their time involved with it.

Lyn Reid,

And so I take pen in hand .... alright, I'll admit it, it's been years since I last took pen in hand to write anything and I'll bet I'm not Robinson Caruso on that score! But I'm waffling. Why? Well, there's an election to take place this weekend that has big implications on a State and Oz sport. But, as I'm cobbling this rant together in the shadow of that election, I don't know the result and in fact, you'll know it by the time you read this!

So, why is the Tasmanian election so important? Well, it has to do with Australian Rules Football. Tasmania has for years, produced great players for the sport but every time they asked about a team in Tasmania, the VFL/AFL deftly changed the subject. Oh, they hinted that a team might be moved there (St Kilda, Hawthorn and North Melbourne were mentioned) and regular games were played in both Hobart and Launceston, but there was no talk of a local team. Then, in 2023, Gillon McLauchlan (the then AFL head boffin) agreed to the creation of a team in the State – *the Tasmanian Devils*. Everything's fine then, right? Ah, the devil is in the detail.

For reasons best known to few, the AFL decided the new team had to have a new stadium in Hobart and that stadium had to seat 23,000 and also be a covered stadium. No, they couldn't continue to use Hobart's *Blundstone Arena* (which seats 19,500) and improve it over the next decade or so. Nope, new covered stadium to be built by the end of 2028 after which *The Devils* will enter the AFL.

How much will the stadium cost? Several numbers were floated around but it seemed a figure of \$715 million took centre stage and the talk was \$460 would come from Tasmania, \$240 from Canberra and the AFL would tip in \$15 million! Is that reasonable? Well, the new Perth stadium is said to have cost \$1.8 billion (**note** that is a "**b**" not an "**m**"), Eddie McGuire says a stadium expert had told him a roofed venue would cost \$1.5 billion and those figures are from a year or so ago, the building hasn't even been planned yet and there's no talk of inflation or over runs!

How many games will be played there a year? The AFL is a Home and Away competition so *The Devils* will only play half their games in Hobart so that could be as few as 10.

So what does the stadium do for the other 42 weekends of the year? Well, it sits there empty, unless Hobart can arrange for other events to

take place in the venue that don't take place anywhere in Tasmania

And that's what an element of this weekend's election is about. The Liberals are saying "If you want a Tassie team in the AFL, vote Liberal." The Labor Party is not opposing the creation of The Devils but is definitely against the idea of a new covered stadium being tied to the entry of the team into the AFL saying Australia's smallest State, with the smallest economy simply can't carry the financial burden of the supposed need of the new venue.

now! In short it has all the potential of being a huge white elephant!

You'll recall I said the devil was in the detail? Well, the fine print of the contract says if the new stadium is not built then the new team doesn't fly! To put it in a nutshell: this weekend voters in Tasmania go to the poles to vote on a new State Government and one of the issues on the table is, should they vote with the heart (and get *The Devils* in the AFL and the debt burden of the new stadium that will hamstring the State for decades) or vote with their brain (and lose *The Devils* but protect their State's economy that is doing well at the moment and into the foreseeable future). How would you vote?

Here's some other stuff that is happening: Netflix has lured Mike Tyson (he'll be 58 in June) back into the ring to fight a so-called You Tube star Jake Paul (he's 27) in the AT&T Stadium in Arlington, Texas on 20<sup>th</sup> July. Both will be paid about the same but nobody is saying how much that is; the opening ceremony for the Paris Olympics later this year will feature a flotilla of boats drifting down the River Seine through the middle of the city. The idea sounded great when it was first talked of but security folks have scaled back the number of folk allowed on the river bank and as the event will take about 8 hours, many athletes are opting out to train and stay focussed on their events; did you know that breakdancing will be an event in the Paris Olympics this year? No? Well snap your peepies on this. In that sport, the judges have to perform for the athletes! Yep. They have to demonstrate to the contestants they know what's happening in scene; and Mexico's highest court has revoked a local ruling that suspended bullfighting in Mexico City 11/2 years ago. Bullfighting was still allowed in much of Mexico but animal rights defenders managed to have it stopped in the capital. The 40,000 seat *Plaza Mexico* was packed for the return and the mood was said to be festive. Six bulls met their maker during the event.

Talk at you next month,

### Veggie Patch Musings...Healthy produce is a key part of human health, so I thought I'd share my recent missives on growing my own food.

Last October, we returned full time to our property in Firefly, after spending a fair chunk of the past 4 years in Colorado.

The rain over summer has been magic for the land. It's a joy to see happy healthy cows rotating through the paddocks without requiring supplement feeding and chooks pecking at fresh green grass.

However, my veggie patch has produced many challenges. Some things have grown well, such as rocket, herbs, corn, beans, and cucumbers. However, for various reasons many things just didn't get off the ground. Here's an overview:

### Successes and failures:

- Planting in late October, the cucumbers, corn, and rocket were fantastic, with healthy leaves, no pests and plentiful harvest. I turned the soil, added blood & bone and chicken poop, and regularly dressed with Seasol.
- The zucchinis were weak and stunted, possibly due to the humid weather and nematodes in the soil? Maybe I overfed them? Of the 3 plants, two produced only

male flowers, despite plenty of bees. A surprising outcome, because normally zucchinis are easy to grow.

- The Basil has been fantastic and is still going strong, with plenty of healthy leaves for salads and pesto. Maybe regular harvesting, along with feeding, kept the plants strong and compact?
- The pumpkin has been hopeless, weak, and has only male flowers. Probably planted at the wrong time of year!

The Mediterranean herbs have been great, with flavoursome leaves and good growth, especially thyme and oregano. I'm planning to use some as ground cover in other parts of the garden (where it won't spread rampantly). Rosemary is a consistent success. It responds well to hedging.

• Removing the netting a few

years ago worked for a while. Maybe once we had developed a balanced eco-system of pests and poachers it wasn't necessary? After several years of minimal gardening and more rain, the balance has shifted. During the past 6 months, there's been more parrots than usual, so we've had no tomatoes, and they peck all the leaves off the passionfruit vine. Time to re-net the veggie patch again!

- Marigolds seem to have helped; where there were the other plants were mostly healthy, except now the marigolds are under attack, ah...
- The shade cloth was useful but created too much shade.
- Planting a cover crop of mustard cress was successful.
- I used home made soil bacteria, sprayed sooty mold with milk and made compost tea from weeds. I've started the worm farm again and they are munching away happily.
- There are 11 veggie garden beds, and each has a different composition and varying amounts of worms. I'm currently into practicing no-dig methods.

It may take a while to remedy the issues, and there is no quick fix when it comes to growing food.

I love the satisfaction of eating from the kitchen garden. Keeping things as natural and balanced as possible is an ongoing journey.

As gardeners, we face the challenges head-on and keep on smiling, like the face on this little radish I pulled up the other day.

Remember, it's better to put a \$1.00 plant in a \$10.00 hole and mistakes make great compost!

George lives in Perth.

He was sick of the world, of Covid-19, Trump, Russian belligerence, War in Ukraine, Chin , global warming, racial tensions, supply chain disruptions, rising prices, inflation and the rest of the disturbing stories that occupy media head-

George drove his car into his garage and then sealed every doorway and window as best he could.

He got back into his car and opened all the windows. selected his favourite radio station, started the car and set

Two days later, a worried neighbour peered through his garage window and saw him in the car.

She notified the emergency services, they sent an ambulance and they broke in, pulling George from the car.

After a sandwich and a little sip of water, surprisingly, George was in perfect condition, ~ but his Tesla had a dead battery.

### Welcome to Deb's Gardening,

elcome to the start of a new season. Autumn is my favourite time of the year. The days are still warm but finally the evenings start to cool down and that oppressive heat has gone for the day. I have noticed on the deciduous trees a tinge of red and orange leaves showing. There is just something in the air about autumn that I just love.

My gardening plan in summer consisted of following the shade around all day. There are now no weeds where there is shade. Even on those 38-40 degree days I was out in the garden with a cool towel around my neck, sipping cold water and sitting under a tree weeding. It was cooler under a tree than inside our old house. The main weed that I have been digging out is oxalis which is a hard weed to kill. My best advice to get rid of oxalis is to simple dig it out by hand making sure you remove all vegetative portions of the plant, including roots and rhizomes. Then either throw it in the bin, (not in the compost bin) or as I have been doing, soaking the whole plant in water, which will sit for about a month or until it rots down. I will use the water as a liquid fertiliser and the remaining sludge will be layered down as mulch which will quickly break down in the soil and eventually become a food source for the soil.

"Weeds" is such and accusing and derogatory word, but once you start to think of them as plants that just happen to be where you don't want them to be you see them in a different light. It is difficult to develop affection for weeds that reappear in cracks between pavers, such as oxalis, but I never mind finding chick weed. It comes out so easily, is so succulent and rich in iron and copper that it makes a splendid addition to the compost. Other annual weeds spell nitrogen more than nuisance as they, too, are fed to the heap. The main thing is to not pull weeds out but to cover them up with mulch and encourage them to die and enrich the soil.

I know I go on about mulch but covering the soil with mulch prevents weed seeds from germinating: It imitates the nutrient- saving nature of the forest: Eliminates water splash and the soil borne diseases: Controls nutrient loss through leaching in heavy rain: Prevents the

soil from getting a hard crust: Encourages worm life to work at the soil surface accelerating soil improvement: Adds humus creating organic matter to the top soil. But deep rooted weeds are harder to eliminate. I don't mind even them all that much, think of all the nutrients they have bought up from way down below and are there in the leaves. Cutting them off and leaving the roots in the soil, leaving them to try again seems sensible.

Weeds invade a conventional garden because there is so much bare soil. You can never expect to be without weeds but do you really want to, they are friends as well.

Feeding the soil should be an ongoing concern. There are more living organisms in a hand full of soil than there are people on earth. That is something to make one think. We take so much for granted and remain unaware of the wonderful complex way Nature works. How much do we understand of the way nematodes, bacteria, fungi, protozoa, mycorrizal fungi and micro arthropods work together and produce a balance in the soil structure which allows water to penetrate it but not flood it – and then to retain the correct amount of plants growing in it need - to let in air - to retain nitrogen, potassium, phosphates, calcium, iron and other foods and to release them at a rate which the plants can absorb them comfortably – to destroy organisms which encourage pests and disease - to break down and decompose plants left-over's. Nature does this with supreme efficiency and we tamper with her methods at our peril. All life on earth depends on healthy soil; Nature should be treated, not as our servants but as our teacher.

The endless cycle of birth and death goes on – nothing is wasted. There is death in soil- but it becomes life again and the process has been going on since time out of mind.

Nature is kind but her patience can run out- organic gardeners recognise this, it is well to remember, as a wise man said that no matter how intellectual and enterprising man may be his life is dependent on 15 centimetres of top soil and the fact that it rains.

Until next time

Deb

### Joy and Sorrow

Are you or have you been, on a grief journey? This happens after any loss in life such as death, relationship break up, job loss and ... other things. We all like to enjoy happy times but it is impossible to avoid sadness in life. Fortunately we can't see the future ... God knows how much we would worry. Instead the bible encourages us to pray and **not** worry, *Philippians 4:6*.

Easter is a time we think about bunnies, eggs (see the giant one at Nabiac chemist!) and chocolate (yum). We might also think about God's love for us ... He loved the world so much that he sent His son, Jesus to die for us *John 3:16*. When Jesus died there was much sorrow among his friends ... then tremendous joy when He rose again.

Here are some interesting facts about two famous people ... Buddy Holly pop star, and Billy the Kid, known as a criminal. They both grew up in Christian families ... both died young, in their early twenties, and both were famous in different ways during their short lifetimes. The epitaphs on their graves were simply their names and date of death (Billy) plus 'in loving memory' (Buddy). An epitaph seeks to honour someone's life in a few words.

The most famous epitaph in history was written about a man from

Galilee who also died young . He was given over to an army to be killed. The epitaph read "Jesus of Nazareth, the King of the Jews" *John 19: 21*. Like Buddy, 'Jesus created stories that live on and, like The Kid he was deemed a criminal'. However unlike either, He was God become Man and unlike either them or anyone else who has died, His grave is empty.

What kind of epitaph would you like or what words would summarise your life? Parents who lost their son chose *Psalm 139: 14*, I praise you for I am wonderfully made. Martin Luther King chose 'Thank God Almighty I'm free at last!'

Many soldiers have also died young, in wars while fighting for their countries. Their lives were cut short and many stories would be unknown. Some had no graves ... my friend's father was shot down during wartime and his whereabouts was never known to his family.

In April every year we honour these soldiers on Anzac Day for their sacrifice for their countries. At Easter we can thank God for Jesus' sacrifice for us.

John 15:13 Greater love has no one than this, to lay down one's life for one's friends.
